We Energies Foundation Grant Supports Bay View Campus Reopening

MILWAUKEE, WI, (March 12, 2026)–Centers for Independence (CFI), a leader in supporting people with disabilities and behavioral health needs through innovative, person-centered programs, reopened its Bay View Campus on Feb. 16 following significant renovation efforts made possible in part through strong community support, including a \$10,000 contribution from the [We Energies Foundation](#).

Located in the heart of the Bay View neighborhood, CFI reopened the location with renewed energy and purpose. CFI's LIFE Services clients who have developmental and intellectual disabilities and brain injuries have more opportunities to grow, learn and thrive thanks to expanded program areas, more natural light and flexible environments that support a wide range of activities.

We Energies Foundation's contribution highlights a shared commitment to strengthening local communities and creating a brighter future for the communities we serve. This achievement also reflects the dedication of CFI's cross-functional team and the strength of partnerships. Teamwork, along with support of partners such as the We Energies Foundation, helps ensure CFI's Bay View campus continues to thrive and creates lasting impact for everyone who walks through its doors.

About Centers for Independence

Centers for Independence (CFI) is a Milwaukee based nonprofit dedicated to supporting people with disabilities and behavioral health needs through innovative, person-centered programs. Since 1938, CFI has been a leader trauma-informed care, self-direction and removing barriers to help individuals achieve total health and greater independence. Visit cfihope.org to learn more.
